"The Lord Has Brought Us Blessing"

Welcome to worship in Alberton Church.

Please join us for coffee in Johnston Hall following the service.

The music in today's service is made available to us by means of modern technology. The credit and our thanks belong to Clyde McLennan (an Australian Baptist Minister and Church Musician) who created most of the music used in our service today. His passion is making music available via the Internet for use without charge in small churches.. He has produced an incredible number of selections and arrangements (over 12,000) that churches may freely use. And all this is made available from an iPhone with the support of an incredible small speaker.

July Sermon Series "Life in our Times"

The July sermon series this year will take the form of a simulated First Century news broadcast. In an attempt to understand the growing religious phenomena called Christianity, it will provide first person accounts by some lesser known New Testament figures. You will meet Jason, Aquila and Priscilla, Apollos, Aristarchus and Eutychus and hear the fascinating first person stories that they have to tell about life in their times. Through their eyes we will hear graphic accounts of unfolding events in which they shared and hear their observations about the life and vitality of the Christian faith.

With a little help from our imaginations we will be able to form an impression of what it was like to meet and experience life with the Apostle Paul. The series will run from July 7th. through August 4th.
